

Next Steps

- Review and address public comments received from this Round 2 Consultation
- Finalize Factors and Sub-factors following comments provided at this meeting
- Finalize the Technically Preferred Alignment (TPA) within each of the 3 corridors
- Carry out the Corridor Evaluation
- Present Study Recommendations to the NCC Board, City of Ottawa and Ville de Gatineau
- The Study will receive endorsement by the Study Steering Committee on the Recommended Corridor
- Upon endorsement of the Technically Preferred Corridor (TPC), work will begin on the Preliminary Design of the roadways, bridge and highway interchanges within that corridor
- Finalize Preliminary Design of the TPC
- Hold Round 3 Consultation in the Fall 2012 to present the TPC
